Instructions for creating the Tags.

Please follow my instructions carefully. Please remember to ink around the edges of all your print papers. Please note that I have not added any names, dates or any information to my tags. You will need to add your own personal details to each tag.

For your first tag, you need to cut a piece of black cardstock 4 inches x 8 inches. Cut a piece of Cajun cardstock 2 3/8 inches x 3 3/4 inches wide. Adhere it to the top of your tag. Make sure you have a bit of black showing. From your leftover piece of "Pack your Bags" cut a piece 4 inches high x 3 7/8 inches wide. Adhere it to the bottom of your tag with a little bit of black showing. Add a strip of "Man about Town" in the gap in the middle of your tag. Find your piece from "Well Groomed", it is the one with the top hat, can and tie. Mat it onto a piece of black

cardstock. Add it to your tag. Cut a black mat onto your tag. The mat needs to be 2 1/4 inches x 3 1/4 inches. Adhere it to your tag as shown above. You can add a photo, I have not decorated the back of your tag. You can if you want to using your left over bits of print papers.
